

HEISTER HOUSE CABINETS

“A FINE TRADITION IN WOOD”

“A Fine Tradition In Wood”

PRODUCTS

Heister House Cabinetry is a custom manufacturer of kitchen cabinetry, bath vanities, and “built-ins” for nearly every room in the house. Our experienced craftsmen can and have built nearly every type of cabinet and custom millwork product that you can put in your home.

In addition to custom kitchen and bath cabinetry, Heister House has the ability to provide hard-to-find “built-in” products such as bookcases, entertainment centers, storage lockers, window seats, and wet bars. We have even built bunk beds and a variety of components for wine cellars. We love a challenge. No job is too large or too small.

WOOD SPECIES

Heister House Cabinetry can build your cabinets with just about any wood species available. So don't be afraid to ask for something unique or exotic. But, we find that a lot of folks today are looking for painted cabinets or tend to favor a wood species that is native to our local Pennsylvania forests such as the following.

Red Oak

White Oak

Hard & Soft
Maple

Cherry

Hickory

Pine

Walnut

Birch

DOOR STYLES

We source our cabinet doors and drawer fronts from a variety of local suppliers. All of our suppliers have custom capabilities. So, we can meet your needs if you need us to match an old door, or if you've fallen in love with a unique profile, or you simply need a special size or geometric shape. Whatever your need, we've got you covered.

For a more complete selection of door styles, please visit our website at www.hhmillworks.com

CONSTRUCTION SPECIFICATIONS

A cabinet is not just a cabinet. There are many ways to cut costs and cut corners. At HHC, we strive to build you the best, strongest, and longest lasting cabinet possible. That's why we use solid plywood sides, backs, and floors; we screw our face frames together with pocket screws; and we use dovetail drawers whenever you specify under-mount drawer glides. We want your cabinets to be something that you'll be proud of for years to come.

- ½” plywood sides and bottoms
- ¼” plywood backs
- ¾” x 1 ½” standard face-frame
- Dovetail drawers are standard with soft-close, under-mount drawer glides
- All wood cabinetry

FINISHING

The right finish is the life-blood of any cabinet job. You want your cabinets to look great, and last for years and years. At Heister House, we take extra care and time with our finishing process. Our finishing crew uses the finest finishes available and have years of experience with paints, stains, glazes, and just about any finishing technique that you require. We develop custom blends to match any paint or stain color that you may need.

Stain finishes • Paint finishes • Glaze finishes • Custom mixing to match your paint and stain finish

COUNTERTOPS

We're in the cabinet business, so we've decided to leave the countertop business to the experts. We work with a network of countertop fabricators and installers who are true experts in this area. Our suppliers will come to your job, measure, and template your area to ensure a perfect fit. And, their expert installation crews will do the job right and leave everything looking fabulous.

We offer the full variety of countertop options including the following. Our sales people can help you with your selections, or you can go right to our supplier to select your unique piece of granite, or for a consultation with their experienced designers.

*Granite • Quartz • Soap stone • Marble • Corian • Maganite • Laminate
• Countertops provided by Classic Rock Countertops (Harrisburg, PA)*

In addition to solid surface countertops, our sister company, Heister House Millworks, can provide beautiful wood and butcher block countertops in a wide variety of species. This unique option provides a special, one of a kind look at a price that just might surprise you.

HARDWARE

We can supply nearly any type of cabinet hardware that is available on the market today. Our Mifflintown, PA showroom displays a wide variety of knobs, pulls, and decorative hardware to meet your needs and desires. But, if you need something really unique, just let us know. We're experts at sourcing special hardware that you may find in a magazine or catalog.

DESIGN & LAYOUT

Heister House Cabinetry employs an outstanding team of kitchen designers and consultants. They all have years of experience in the custom cabinet business and have worked on many unique requests and situations. They are experts at problem solving and space planning and will help you every step of the way.

Our Mifflintown, PA showroom is one of our best design tools. There we can show you a variety of designs, styles, and conditions that help you visualize the end product in your specific space. We invite you to stop in for a consultation.

In addition to experienced people, and an excellent showroom, HHC employs Cabinet Vision software to help us layout your kitchen, bath, or built-in area. This industry leading software will produce floor plan, elevation, and 3-D views to help you visualize your new cabinets. Come see how this new, exciting software has revolutionized the custom cabinet business.

INSTALLATION

To ensure complete satisfaction, HHC offers a comprehensive cabinet installation service. We have experienced installers who are true craftsmen. They not only know exactly how your cabinets should be installed, but they have the ability to handle just about any challenge that your site may present. Our current customers rave about the quality of our installation team.

HISTORY

Heister House Millworks is a premier, local manufacturer of high quality wood mouldings, custom millwork, interior doors, and hardwood flooring products. The company was founded in 1988 when current owners, Brad Lauver and Lorne Nipple, merged their respective woodworking businesses into one operation. In 2015, Heister House entered the cabinet business with the acquisition of Cameo Kitchens of Mifflintown, PA.

Cameo Kitchens was a well-established and respected, local cabinet manufacturing business that was founded in 1983. Most of the Cameo employees remained with the business so that the “quality culture” could be maintained.

In addition to custom kitchen and bath cabinetry, Heister House has the ability to provide hard-to-find “built-in” products such as bookcases, entertainment centers, storage lockers, window seats, and wet bars. We have even built bunk beds and a variety of components for wine cellars. We love a challenge and no job is too large or too small.
