## PRE-HUNG HANDING

**RIGHT HAND (RHD)**

**LEFT HAND (LHD)**

Our door **handing** for pre-hung units is determined by pulling the door toward you. When ordering your pre-hung door, you should indicate which side the lockset bore will be on.

## DOUBLE PRE-HUNG HANDING

**RIGHT HAND ACTIVE (RHDA)**

**LEFT HAND ACTIVE (LHDA)**

When ordering double pre-hung units with flush bolts and/or a t-astragal, indicate which **lockset** will be active. You do not need to indicate any handing when using ball catches.

## STANDARD BORE

## DETERMINING PRE-HUNG UNIT LIST PRICES:

Heister House Millworks' standard pre-hung unit consists of jambs and HH936 Colonial door stop in the same species, 3 1/2"-5/8" radius corner bearing hinges and standard hinge and bore prep (see page 1 of this section). The following pages contain the slab list prices. To determine a pre-hung unit list price:

A.) When using a standard pre-hung unit as described above, use the set adder noted. You only need to add that number to your slab price to determine your pre-hung unit list price.

*Example: 6-panel pine 2/8 slab with 4 5/8" pine jambs, HH936 pine door stop, 3 1/2" x 5/8" radius corner light brass plain bearing hinges and standard prep and bore:*

B.) When other than standard unit materials are required: determine all adders from the following lists and add those to your required slab list price.

*Example: 4 panel solid core, primed 2/4 slab with 6 5/8" poplar jambs, HH936 poplar door stop, 3 1/2" x 5/8" radius corner dull chrome ball bearing hinges with standard prep and bore:*

See Builder's Hardware section for hinge, lockset, and other door hardware finish cross reference table.

All pre-hung units are produced per order to your specifications. Allow at least one week prep time and additional lead times as noted for non-stock slabs.

Prices reflected on these two pages reflect Pre-hung unit pricing only. For individual parts' list prices, see the respective section of our Product Catalog.

## PRE-HUNG ADDERS

### PRE-HUNG

STANDARD ADDER INCLUDES: *JAMBS, HH936 COLONIAL DOOR STOP, 3 1/2" X 5/8" RADIUS CORNER HINGES (3 PER SLAB), & STD. PREP & BORE*
